

[Instructions](#) [Code Examples](#)

Stage 2/6

In-progress

Step 1: Implement your solution

We recommend taking a look at the [Code Examples](#) tab, which contains code examples from other users.

Step 2: Commit and push your changes.

Run the following commands to submit your changes:

```
git add .  
git commit -m "pass 2nd stage" # any msg  
git push origin master
```
