

[Instructions](#) [Code Examples](#) [Forum](#)Stage #YK1 **Pending**

- The response for the API key 75 (`DescribeTopicPartitions`) has a `MaxVersion` of at least 0, and a `MinVersion` of at least 0.

Notes

- The `MaxVersion` for the `DescribeTopicPartitions` and `APIVersions` are different. For `APIVersions`, it is 4. For `DescribeTopicPartitions`, it is 0.
- You'll still need to include the entry for `APIVersions` in your response to pass previous stages.
- We'll get to implementing the `DescribeTopicPartitions` request in later stages, in this stage you only need to add an entry to the `APIVersions` response.
