Need a refresher on TCP, or just looking to test your knowledge? Our interactive guides might help:

- **Network protocols**
  - Learn about various network protocols like HTTP, TCP, UDP, SMTP etc.
  - Learn about the TCP/IP model, which categorizes network protocols into 4 "layers"
- **TCP: An overview**
  - Learn about the TCP protocol and its guarantees
  - Learn about TCP connections and the TCP handshake process

We'd love to create more of these, please reply to this comment with suggestions!
